

The Future of Work is Hybrid

98% believe future meetings will include remote participants

57% expect to be in the office fewer than 10 days a month

97% want changes to make the office safer before they return

Good enough simply isn't enough

Adjusting to remote work meant quick decisions to keep the business running. Now, it's time to think long term.

Hybrid work requires the right strategy with people, culture, and technology at the center.

People

49%

indicate working remotely makes them feel isolated

Culture

32%

professionals say their connection to company culture has suffered

Technology

90%

commonly experience issues collaborating when working from home
